Adjourn

MEMORANDUM FOR RECORD

SUBJECT: Minutes of Foundation Board of Directors meeting: 14 October 2021

Officers Present: President, Gary Wynn (Zoom)
Vice President, Russel Betts
NGAA Rep. Paul Jara
NGAA Rep. Adam Warford (Zoom)
NGAA President, Ryan Workman
NGAA Executive Director, Damon Cluck
EAANG President, Derrick Young

Officers Absent: EAANG Rep. Brian Mays

Visitors: Eric Lothian – Priddy, Holifield & Ables (Zoom)
Elizabeth Jara, NGAA
Ben Moore, Edward Jones

1. President Wynn called the meeting to order and reviewed the agenda for the meeting.

Financial Briefing

2. Eric Lothian briefed the financial status of the Foundation to the Board as follows:

We will start with the Balance Sheet. The balance at Simmons Bank is \$29,000. Your investments are \$1.4 million. That's down approximately \$93,000, but you have to remember that of that \$93,000 you are down, \$43,000 was a withdrawal to your checking account for NGAUS activities. You have an account payable that has three quarters of admin fees so the Association can be paid, then one quarter for Priddy Holifield. Scholarships make up the \$8,250, and then contributions payable, that's the money that you actually cashed out for the 206th Field Artillery

Your beginning equity and net assets with restriction equals your permanent as of 6/30/21 and then your net income is what your activity was in this quarter. It was a negative and I can explain that. On the Income Statement, your CFC is just your contributions to the CFC. Dividend income, interest income, realized gains and losses, and then your net appreciation are all part of your investments. Basically, you bought and sold some stuff and made income on it. Overall, the market increased. It increased \$94,000. Cluck noted that this \$93,043 was what we withdrew to pay scholarships and other expenses, so really the unrealized loss there is about \$50,000.

Expenses--\$250 is what you owe the Association for their admin fee and then inside the accounting is our audit fee plus \$150 for admin fee, and then you paid D&O insurance.

3. The income statement was at a loss. I also provided a general ledger.
4. Eric stated over the last day or so he and Col. Cluck worked on breaking out what they wanted as restricted and unrestricted.
5. Cluck talked about the Equity Rollover Spreadsheet. One of the issues is in the Foundation's SOP which was last edited in October of 2018. He read some of it and then talked about the way the Foundation has been accounting for things on its equity rollover.

As an example, Cluck stated that when we have sent out to the organization that our spend plan is 4% and that earns them x amount of dollars, we needed something on record back from the organization saying if they didn't just request that amount, we need to know what to do with it. And we haven't been as clean as we need to be about policing that up. He said that the Foundation has money crossing streams. He proposes to Eric, instead of where we've always had one column on our spreadsheet for the NGAA endowment, that we should add one column for the Enlisted endowment, and one column for the Museum endowment,

Cluck stated, in his opinion, what is in our investment accounts, the total ought to balance with what we say is in those endowments. There is a cash balance somewhere. He stated, in his opinion, what is out there as unrestricted funds that have just been allowed to accumulate, should only be sitting in some kind of money market account, because they are subject to recall.

6. Cluck and Jara both discussed both associations should be educated in this.

7. Jara asked if the term restricted is defined in our documents. There was discussion. Cluck says we have defined endowment and fund. Fund is just sitting in a cash account. Endowment is what participates in investment accounts. Jara asked if someone has the ability to modify that allocation in the future? Cluck responded that if you make an endowment, it's gone. You are not touching the principal. The cash not working for us can be moved to the endowment side anytime. Right now we have one portfolio. If you are in the investment account, you are in that portfolio. Its either that or a money market account. There was a discussion about needing something in between.

8. Eric discussed Equity Rollover Spreadsheet. Gave balances of The Diamond Fund, The Scholarship Fund, The NGAA Fund, the EEANG Fund, The Museum Fund, the Survivor Outreach Services Fund, and the Arkansas Freedom Fund. He also included a contribution payable to the 5th BN 1-206 FA, which is a cash account.

Old Business

9. Jara made a motion to accept the minutes from the meeting on 5 August 2021 as presented. Cluck pointed out that the Appropriations Spreadsheet was attached to the minutes and offered a second to the motion. No discussion was had and they were approved unanimously.

10. Jaral noted that we have taken care of the endowment distribution letters for 2020. They are signed. Cluck noted that he didn't prepare the one for Arkansas Freedom Fund and Survivors Outreach Services. He asked to amend the Survivors Outreach Services to show it as Gold Star Families. No discussion. Cluck noted we would have to do a letter and reach out to Arkansas Freedom Fund.

New Business

Officer Elections

11. Cluck made a motion to elect Paul Jara to serve as President. Jara accepted. Workman offered a second. This passed unanimously.
12. Cluck made a motion to elect Brian Mays to serve as Vice President. Mays accepted. Workman offered a second. This passed unanimously.
13. Cluck made a motion to elect Adam Warford to serve as Secretary. Warford accepted. Workman offered a second. This passed unanimously.
14. Discussion of financial statement. Cluck stated that at the next board meeting we will have Lighthouse on and will go through balances to make sure it all adds up, what is either sitting in the money market or checking account.

Fundraiser

15. Cluck introduced Mr. Ben Moore of Edward Jones. He has offered to make an introduction on our behalf to Ms. Catherine Johnson of Catherine Johnson & Associates who is a development counsel, capital campaign prospects research, grant writing, special events in Arkansas for many years and worked with many foundations like ours. He worked with her and the World Services for the Blind to get them solvent and then worked to create a legacy. Catherine is a professional fundraiser. World Services for the Blind set a capital campaign goal of \$2 million and raised in excess of \$5.6 million in about 1-1/2 – 2 years. Catherine worked through the immense amount of resources and networking that she has. Discussed with Cluck about the potential of this organization. He would like to see folks in the National Guard get many benefits out of their membership. Catherine is a tremendous resource. Organization can be promoted in a positive way and bring awareness.

16. Mr. Moore discussed hiring process of Catherine Johnson by World Services for the Blind. She chooses missions she works on. She selects her jobs. Her credentials are amazing.
17. Mr. Moore discussed financial arrangement with Catherine.
18. Cluck and Workman had a meeting with Catherine. They felt like they were being interviewed. They reported she doesn't think we are dreaming big enough. She challenged them to think about if the Foundation could increase its endowment to \$10 million, what would you do with that income.
19. Mr. Moore advised if we are interested in Catherine, to get her involved in goal making.
20. There was a discussion of benefits of hiring Catherine Johnson. Cluck suggested the Board have a quiet retreat to discuss strategic plan. Discussed timeline if decided to hire Catherine.
21. Betts discussed the vision of the Foundation. He mentioned that we never discussed what our money from a fundraiser would do.
22. A meeting date was set for Sunday evening, October 31, through Monday, November 1, in Hot Springs. Cluck suggested we need to discuss the makeup of Board. He will take a look at other board structures. Need to look at Bylaws.

23. There was a discussion about moving the corporate membership program from the Association to the Foundation for two goals. (1) To grow our endowments; (2) Make it a charitable contribution for contributors who have been loyal to us for a long time.

24. Elizabeth discussed the different type of corporate sponsors. There is a way to separate corporate sponsors with some being Association and some being Foundation sponsors.

25. _____ asked if there were any other alibis or new discussions.

26. The next meeting will be _____.

27. Betts made a motion to adjourn and _____ offered a second. There was no further discussion and the meeting was adjourned.

This table presents the estimated monthly interest and dividend income and return of principal that your current holdings may generate over the next rolling 12 months. The cash flows displayed are estimates provided for informational purposes only and there is no guarantee that you will actually receive any of the amounts displayed. These estimates should not be relied upon for making investment, trading or tax decisions. The estimates for fixed income are calculated using the security's coupon rate. The estimates for all other securities are calculated using an indicated annual dividend (IAD). The IAD is an estimate of a security's dividend payments for the next 12 months calculated based on prior and/or declared dividends for that security. IADs are sourced from third party vendors believed to be reliable, but no assurance can be made as to accuracy. There are circumstances in which these estimates will not be presented for a specific security you hold.

Bond & CD Income includes interest payments for fixed and variable rate bonds, international bonds that pay in USD, and Certificates of Deposit (CDs).

Bond & CD Principal includes maturing principal payments for fixed and variable rate bonds, international bonds that pay in USD, and Certificates of Deposit (CDs).

Stock Income includes estimated dividend payments for common stocks, preferred stocks, ADRs, closed-end mutual funds, and MLPs.

ETP Income includes estimated dividend payments for Exchange Traded Funds (ETFs) and Exchange Traded Notes (ETNs).

Mutual Fund Income includes estimated dividend payments for Fidelity and non-Fidelity mutual funds.

Other Income includes, but is not limited to estimated dividend payments for Unit Investment Trusts (UITs), REITs, and LPs.

This table does not include cash flow from foreign denominated fixed income.

All positions held in cash account unless indicated otherwise.

Cost Basis - the original amount paid for a security, including the amount of reinvested dividends and capital gains, plus or minus certain adjustments. See last page of statement for details.
Total Cost Basis does not include the cost basis on core, money market or other positions where cost basis is unknown or not applicable.

EAI **Estimated Annual Income (EAI)** & **Estimated Yield (EY)** - EAI is an estimate of annual income for a specific security position over the next rolling 12 months. EAI may be negative on short & EY positions. EY is calculated by dividing the current EAI for a security position by its statement closing date market value. EAI and EY are estimates only and may include return of principal *Additional Information and Endnotes" section.

RIDGEWOOD NJ 07450

- If your brokerage account is established with asset based pricing, please review the terms and conditions governing this program:
<https://clearingcustody.fidelity.com/app/literature/item/868856.html>. If you have any questions, please contact your advisor. 911663-1.0

Cost basis and gain/loss information is provided as a service to our customer, and is based on standards for filing US Federal Tax Returns as determined by Fidelity. This information is not intended to address tax law or reporting requirements applicable in your country of tax residence.

Amortization, accretion and similar adjustments to cost basis are provided for many fixed income securities (and some bond-like equities), however they are not provided for certain fixed income securities, such as short-term instruments, Unit Investment Trusts, foreign fixed income securities, or those that are subject to early prepayment of principal (pay downs).

B Adjusted cost basis reflects any cumulative original issue discount, premium, or acquisition premium (including any year-to-date amount). It assumes such amounts were amortized or accrued for tax purposes from the acquisition date through the disposition date. Premium amortization was calculated using the yield-to-maturity

Additional Information and Endnotes

method. Acquisition premium was calculated using the ratable accrual method. Any market discount accretion for this position was calculated using the constant yield method unless a different fixed income election has been made and, if applicable, recognized upon disposition. Gain/loss displayed for this transaction is calculated using the cost basis adjustments, as described above. The adjusted cost basis used here may not reflect all adjustments necessary for tax purposes (such as wash sale adjustments) and may not apply if you are using an alternative amortization calculation method. Refer to IRS Publication 550, *Investment Income and Expenses*, for additional information.

If total cost basis information is provided for multiple tax lots, that total cost basis information (and any associated gain/loss displayed) may have been calculated using a combination of adjusted cost basis information (as described above) and non-adjusted cost basis information. Total cost basis information (and any associated gain/loss displayed) is calculated using adjusted cost basis for lots for which adjusted cost basis is provided and non-adjusted cost basis for lots for which adjusted cost basis is not provided or not applicable.

Estimated Annual Income (EAI) & Estimated Yield (EY) - EAI for fixed income is calculated using the coupon rate. For all other securities, EAI is calculated using an indicated annual dividend (IAD). The IAD is an estimate of a security's dividend payments for the next 12 months calculated based on prior and/or declared dividends for that security. EY reflects only the income generated by an investment and not changes in its price which may fluctuate. Interest and dividend rates are subject to change at any time and may be affected by current and future economic, political and business conditions. EAI and EY are provided for informational purposes only and should not be used or relied on for making investment, trading or tax decisions. EAI and EY are based on data obtained from information providers believed to be reliable, but no assurance can be made as to accuracy, timeliness or completeness.

Ratings information from Standard & Poors ("S&P") may not be reproduced. S&P credit ratings are statements of opinion and are not statements of fact or recommendations to purchase, hold, or sell securities, nor do they address the suitability of securities for investment purposes, and should not be relied on as investment advice. S&P does not guarantee the accuracy, completeness, timeliness or availability of any information, including ratings, and is not responsible for errors or omissions (negligent or otherwise). S&P gives no express or implied warranties, including but not limited to any warranties of merchantability or fitness for a particular purpose or use. S&P shall not be liable for any direct, indirect, incidental, exemplary, compensatory, punitive, special or consequential damages, costs, expenses, legal fees, or losses (including lost income or profits and opportunity costs) in connection with any use of ratings.

If you have a question about your account or require service, please call your investment advisor/authorized agent.

Lost or Stolen Cards - For Fidelity® Debit Card, call 800-323-3353. For details refer to your Fidelity Check Card Agreement and Disclosure Statement.

Additional Investments with Fidelity - Please make all checks payable to Fidelity Brokerage Services LLC requests. At the time you purchase shares of funds those shares will be furnished to you upon written request. If no transaction fee (NTF) or no transaction fee (NTF) status. When you subsequently sell those shares, any fees applicable to your deposits. We mail statements at least quarterly for any account with a balance. Please review your statement and report any inaccuracies or discrepancies immediately. Questions regarding your brokerage account or the activity therein should be directed to FBS at 800-544-6666, and National Financial Services LLC ("NFS"), who carries your brokerage accounts, at 866-408-1138. Any oral communications regarding inaccuracies, or discrepancies, should be recorded in writing to protect your rights, including those under the Securities Investor Protection Act ("SIPA"). Please contact Fidelity or your authorized agent promptly if any material changes in your investment objectives or financial situation may not be the same as the original. A reprint of your statement, the disclosure information may be available upon request. Short positions in your portfolio and in each of your accounts for the statement period. To confirm that an authorized, direct deposit was made to your account, call Fidelity at 1-800-544-5555.

Changes in Portfolio Value and Account Summary - Shows activity in your portfolio and in each of your accounts for the statement period. Shows the value of your account(s), for the current and previous statement periods. Income Summary - Shows income by tax status for the statement and year-to-date periods. Except for interest earned on, or distributed by, tax-exempt securities, NFS applies the average cost method for all other securities. Cost basis is adjusted for wash sales on securities with the same CUSIP held in the same account (unless your account receives mark-to-market reporting). Your statement may not reflect all adjustments required for tax purposes. Customers should consult their tax advisors for further information.

Cost - Fidelity provides purchase cost information for securities held in retirement accounts. Such information may be adjusted for certain transactions and does not reflect reinvestments of dividends or capital gains. Fidelity reports profit or loss information when securities are sold within a retirement account. Transaction profit or loss is calculated for pending sales because they are still in holdings. Unrealized method of shares were purchased at different times or prices. Earnings on Roth-IRAs are reported as tax-exempt income since distributions may be tax-exempt after meeting the five-year aging requirement and certain other conditions.

Cost Basis, Gain/Loss, and Holding Period Information - NFS is required to report certain cost basis and holding period information to the IRS on Form 1099-B. Unless otherwise specified, NFS applies the average cost method for open-end mutual funds and the first-in, first-out (FIFO) method for all other securities. Cost basis is adjusted for wash sales on securities with the same CUSIP held in the same account (unless your account receives mark-to-market reporting). Your statement may not reflect all adjustments required for tax purposes. Customers should consult their tax advisors for further information.

Cost - Fidelity provides purchase cost information for securities held in retirement accounts. Such information may be adjusted for certain transactions and does not reflect reinvestments of dividends or capital gains. Fidelity reports profit or loss information when securities are sold within a retirement account. Transaction profit or loss is calculated for pending sales because they are still in holdings. Unrealized method of shares were purchased at different times or prices. Earnings on Roth-IRAs are reported as tax-exempt income since distributions may be tax-exempt after meeting the five-year aging requirement and certain other conditions.

Total Value - The reported market value of an investment at the beginning or end of a statement period. The sum is added to the holding type with the largest percentage.

Unrealized Gain/Loss - For long positions, ending market value minus cost basis in non-retirement accounts and ending market value minus cost in retirement accounts. For short positions, proceeds minus ending market value. Unrealized gain/loss is calculated for pending sales because they are still in holdings. Unrealized gain/loss is not calculated for pending purchases because they are not in holdings.

Holding Type Percentage - Summarizes Traditional IRA and Roth IRA contributions, and taxable and non-taxable retirement distributions for these statement and year-to-date periods.

Account Protection - Securities in accounts carried by NFS, a Fidelity Investments company, are protected in accordance with the Securities Investors Protection Corporation's (SIPC) up to \$500,000 (including cash claims limited to \$250,000). For more information, including the SIPC brochure, please see www.sipc.org or call 1-202-371-8300. NFS has arranged for additional protection for cash and covered securities to supplement its SIPC coverage. Neither coverage protects against a decline in the market value of securities. Mutual funds and/or other securities are not backed or guaranteed by any bank, nor are they insured by the FDIC and involve SIPC. Funds used to purchase or sweep to a bank deposit are SIPC protected until deposited to a Program Bank at which time funds may be eligible for FDIC insurance.

Information About Mutual Funds and Their Performance - Before investing consider the fund's or insurance product's investment objectives, risks, charges and expenses. Contact Fidelity or visit Fidelity.com for a prospectus containing this information. Read it carefully before investing. Investment performance data shown represents past performance and is no guarantee of future results. Investment return and principal value will fluctuate, so you may have a loss or a gain when shares are sold. Current performance may be higher or lower than that quoted. Visit Fidelity.com for performance for most recent month-end performance. Each fund reserves the right to terminate or modify its exchange of shares in emerging markets, may involve greater risks than U.S. investments. Sales loads and fees. In connection with (i) access to, purchase or redemption of, and/or maintenance of positions in mutual funds and other investment products such as alternative investments or private placements ("funds") or (ii) infrastructure needed to support such funds, some funds, or their investment

affiliates, pay FBS and/or NFS sales loads and 12b-1 fees described in the Offering Materials as well as additional compensation for shareholder services, start-up fees, infrastructure support and maintenance, and marketing, engagement and analytics programs. Additional information about the source(s) and amount(s) of compensation as well as other remuneration received by FBS or NFS will be furnished to you upon written request. At the time you purchase shares of funds those shares will be assigned either a load, transaction fee (TF) or no transaction fee (NTF) status. When you subsequently sell those shares, any fees applicable to your transaction will be assessed based on the status assigned to the shares at the time of purchase.

Customer Free Credit Balances - Free credit balances (FCB) are funds payable to you on demand. FCB are subject to open commitments such as uncashed checks and exclude proceeds from sales of certificated securities without delivery of the certificate. If your FCB is swept to a core position, you can liquidate the core agreement. Required rule 10b-10(a) information not contained herein will be provided on written request. Fidelity may use its free credit balance in connection with its business, subject to applicable law.

Assets Separate From Your Brokerage Account - Only securities in the margin portion of your brokerage account contribute to margin and maintenance requirements. Other Assets, that may be reported on your statement, maintained with Fidelity Investments Life Insurance Company and mutual fund only accounts held by the fund (Fidelity Mutual Fund Accounts) are not carried by NFS, nor covered by the Securities Investor Protection Corporation (SIPC) and do not count toward your margin and maintenance requirements. Assets held in brokerage accounts managed by Fidelity Personal and Workplace Advisors LLC (FPWA) are carried by NFS and covered by SIPC but do not contribute to your margin and maintenance requirements.

Short Account Balances - Securities sold short are held in a segregated short account. These securities are marked-to-market for margin purposes and increase or decrease from the short sale price is transferred weekly to your margin account. Your short account balance is shown as of the last weekly mark-to-market, not statement end date. Your short account balance is shown as of the last weekly mark-to-market, not statement end date.

Information About Your Option Transactions - Each transaction confirmation previously delivered to you contains full information about commissions and other charges, and such information is available promptly upon request. Assignments of American and European-style options are available upon request. Short positions pursuant to a random allocation procedure, a description is available upon request. Short positions in American-style options are liable for assignment anytime. The writer of a European-style option is subject to exercise assignment only during the exercise period. For more information about these, please call Fidelity at 800-544-6666.

Information About Your Dividend Reinvestment - Shares credited to your account resulted from transactions by FBS acting as agent for your account, or the Depository Trust Company (DTC).

Price Information/Total Market Value - The Total Market Value has been calculated to 9 decimal places; however, the individual unit price is displayed in 5 decimal places. The Total Market Value represents prices obtained from various sources, which such prices are reported and may be impacted by the frequency with which such prices are received from pricing vendors, are generally based on current market quotes, but when such quotes are not available pricing vendors use a variety of techniques to estimate value. These estimates, particularly for fixed income securities, may be based on certain minimum principal amounts obtained from various sources, such as prices are not guaranteed. Prices received from pricing vendors are generally based on current market values, but when such quotes are not available pricing vendors use a variety of techniques to estimate value. These estimates, particularly for fixed income securities, may be based on certain minimum principal amounts (e.g. \$1 million) and may not reflect all factors that affect the value of the security, including liquidity risk. The such security is generally not available where the price for American-style options are liable for assignment anytime. The Market Value of a security, including those priced at par value, may differ from its purchase price and may, therefore, reflect the value at which the security may be sold or purchased based on various market factors. The sale or redemption of any fixed income security prior to maturity may result in a loss. Prices for Certificates of Deposit (CDs) are generally estimates and are not based on actual market prices. The secondary market for CDs is generally illiquid. You should always request a current valuation for your securities prior to making a financial decision or placing an order. In the order for some or all of the executions associated with the Designated Market Maker to trade on party with the broker's best execution obligations.

Equity Dividend Reinvestment - Shares credited to your account resulted from transactions by FBS acting as agent for your account, or the Depository Trust Company (DTC).
